Re: **Docket 3444: Last Resort Service Power Supply Agreement for the Period  
September 2002 through February 2003**

Dear Ms. Massaro:

Pursuant to my transmittal letter of August 23, 2002 in this proceeding, attached are nine copies of The Narragansett Electric Company's (Narragansett's) redacted Last Resort Service Power Supply Agreement for the period of September 2002 through February 2003. The original confidential version of this agreement was provided under separate cover as an attachment to the August 23, 2002 transmittal.

In addition, please note that on August 30, 2002 Narragansett entered into a second Last Resort Service Power Supply Agreement for the period of March 2003 through August 2003. Copies of the new agreement, new confidential bid summaries and proposed Last Resort Service rates reflecting the new agreement will be submitted to the Commission early next week.

Very truly yours,
